Customer Reviews

The beautiful Robert Beer's art accompanies the mythological and fairy tales lives of 55 of the 84 Mahasiddhas from India. It also has in the first 20 pages a very interesting introduction about Tantrayana and its specific vocabulary and terms by Keith Dowman.

This book is illustrated very beautifully. The short stories/vignettes inside are well written and offer a quick profile view into these great beings.

Keith Dowman is a great erudite in Dzogchen teachings and other disciplines. All his books are excellent in teachings and studies.

Great Book for Buddhist and anyone that wants to know about the magic in Buddhism.

all good
