Customer Reviews

"The purpose of this book is simple: to introduce you, the reader, to the marvelous spirit world and to show you how building a relationship with those in Spirit can enhance your life." - From the book
With the surging popularity of TV shows like *Medium* and *Ghost Whisperer*--not to mention the visibility of mediums such as John Edward, James Van Praagh, and Sylvia Browne--talking with dead people seems intriguing and perhaps even glamorous. However, Spiritualist minister and medium Rose Vanden Eynden maintains that mediumship is **work**--hard work!
So You Want to Be a Medium?: A Down-to-Earth Guide demystifies the art and skill of mediumship. In fact, Vanden

Eynden believes that *everyone* possesses innate capabilities for spirit communication. With this in mind, this book provides solid advice, quizzes, anecdotes, and exercises for working between the Earth plane and "the other side"--a place the author calls Summerland. Vanden Eynden explains the "what?" and "why?" of mediumship, and differentiates this practice with that of psychics. The difference between these two practices is that a medium is in direct contact with the spirit realm, gleaning information from spirit guides or those who have passed on. Psychics, however, pick up information via telepathy, ESP, etc. Mediums use a "middleman" whereas psychics do not. Of course, there are "psychic mediums" that combine these practices. Accessible and engaging, *So You Want to Be a Medium?* covers various ways to attune with clairvoyance, clairaudience, clairsentience, etc., including seeing/feeling auras, discerning chakra issues, deep-breathing exercises, and various meditations. Her explanation of the chakras and corresponding issues are especially lucid.
