10 New Actual, Official LSAT PrepTests With Comparative Reading: (PrepTests 52-61) (Lsat Series)

Synopsis

Comparative Reading questions first appeared in the LSAT in 2007. Our new 10 Actual, Official LSAT PrepTests book is the first one ever to include previously administered Comparative Reading questions. This essential LSAT preparation tool encompasses PrepTest 52 (the September 2007 LSAT) through PrepTest 61 (the October 2010 LSAT). For pure practice at an unbelievable price, you can't beat the 10 Actual series. Each book includes: 10 previously administered LSATs, an answer key for each test, a writing sample for each test, and score-conversion tables.

Book Information

Series: Lsat Series

Paperback: 384 pages

Publisher: Law School Admission Council (March 1, 2011)

Language: English

ISBN-10: 0984636005

Customer Reviews

Updated Review (Sep 2014): These official LSATs are no longer the most recent tests available. So it makes sense to start studying here. It just depends on how much time you have to study. If you have three months or more, I would start with earlier tests, as I explained in my original review below. Otherwise, start here and good luck! (Keep in mind, this book includes just the ten tests. It does not include any explanations. But, thankfully, you can find explanations online at several places. Just search for (1) Cambridge LSAT, (2) Manhattan LSAT's forum, (3) LSAT Blog, or (4) Graeme Blake's LSAT Hacks.) Original Review (Jun 2011): This is a great book. But don't start here. Because this book has 10 very recent official LSATs, you want to take all these tests timed before you take the official test, but not before you take some older tests first. For example, I'd suggest getting *The Next 10 Actual, Official LSAT PrepTests (Lsat Series)*, which has PrepTests 29-38, and take those. Basically, you want to take older tests before you take newer tests because the newer

tests are harder. Learn the fundamentals on the old tests so you don't "waste" the newer ones until you're ready to take them.

This is a book of 10 real LSAT PrepTests published by the Law School Admission Council. They were administered from September 2007 - October 2010. Each PrepTest contains the 4 scored sections of the exam, as well as the writing sample. Each also contains comparative reading questions, which were added to the exam in June 2007. LSAT PrepTest 52 - September 2007 LSATLSAT PrepTest 53 - December 2007 LSATLSAT PrepTest 54 - June 2008 LSATLSAT PrepTest 55 - October 2008 LSATLSAT PrepTest 56 - December 2008 LSATLSAT PrepTest 57 - June 2009 LSATLSAT PrepTest 58 - September 2009 LSATLSAT PrepTest 59 - December 2009 LSATLSAT PrepTest 60 - June 2010 LSATLSAT PrepTest 61 - October 2010 LSAT

I'm a professional LSAT tutor in NYC, and I also run LSAT Blog. In my experience, I've found that many LSAT books out there choose to make up their own questions rather than pay the licensing fee to the Law School Admission Council to use real questions. However, this practice leaves students woefully unprepared. I can't emphasize enough how important it is to study from REAL LSAT questions, which are exactly what this book provides. I recommend these exams to all of my students. However, you'll need many more LSAT PrepTests than those in this book in order to adequately prepare. (See the tips on my site for more information about what to complete before taking the LSAT.)

This book is a must-buy for anyone studying for the LSAT--you really can't beat it. The math is really simple. Individually, these tests cost 8 dollars. There are ten of them in the book. So at this book's list price, you're getting more than half off for buying in bulk. On sale, it's about 75% off the individual price. Buying jumbo size makes sense here, because the typical LSAT student needs to do many LSAT tests in order to fully prepare. I give each of my LSAT students in San Francisco (my company is called Fox Test Prep) between 7 and 21 real LSATs, and students frequently do more tests outside of class. The ten in this book are all very recent, real LSAT tests. There are no better questions to study than these, and ten tests worth is certainly not too many. Even if you're just focused on one section of the test, this is still a great buy. For example, if you're strong in the verbal sections but are weak in games, you could buy this book and just do the games (there are 40 of them) and you're still getting a bargain. If you're self-studying, you should consider buying TWO of these books--one for you, and one for your study partner. (If you're self-studying, you NEED a study partner.) You and your partner could each do one of these tests, timed, 35 minutes per section, and

then you should meet to discuss your results. Work through the games together. Debate the Logical Reasoning questions. It doesn't matter if you're at the same level or not. If your partner is scoring significantly lower than you are, you'll still learn a lot--maybe more than he'll learn!--through teaching him. You don't get many deals when you're on the LSAT/Law School path, but this is a really great one. Contact me if I can help!

As a professional LSAT instructor based in South Florida for 18 years([...]), 10 tests is the absolute minimum required to properly prepare. These ten are by far the most current of the previous collections of 10 pretests, such as "The Next 10 Actual Official LSAT Prep tests." In my opinion, the Logical reasoning sections have not changed significantly from the earlier books, but the Games sections in these books reflect a trend toward a slightly different structure of the more difficult Logic Games. In the past, higher level of difficulty was based on a greater number of rules and variables. On these, more recent tests, the more challenging games are more focused on flexibility and a looser structure. Practice and improve!
