## Customer Reviews

i use these to study - i just take a million till i'm totally comfortable with the test style. you should try it. buy these pretests, especially since there is a buy three get one free offer. or maybe buy 4 get one free.... i can't recall, but it is cheaper and easier to get them here than through [...].

If you want to take a recent practice LSAT, that's exactly what this is. You do get a better deal by buying the 10 official LSAT books but they aren't as current.

Good prep test. You can't really mess these things up though. I bought this and a few others to fill in some of the gaps from ones I already owned. Good prices.
