South America Executive [Tubed] (National Geographic Reference Map)

Synopsis

From the Isthmus of Panama to the southern reaches of Cape Horn, National Geographic's wall map of South America combines beauty with function. Customer Reviews

The map is excellent. Only reason for not giving it five stars is that it was smaller than I expected. This is not the seller's fault cause the dimensions were clearly mentioned. Quality of map is excellent, the shipping was prompt and product arrived in very good condition.

This is a great map perfect coloring. However the shipping tube only had one end cover. The box it

was shipped in was larger than the tube so the map slid out and was mashed on one side. It still works for our use but not packaged well. Otherwise great map of South America.

It came in a poster tube. Like new, crisp and no holes or tears. Looks just like the picture. No complaints.
