An excellent and encouraging book - for anyone who is meeting the challenges of Lupus, as well as those who know someone facing these challenges. 'Fabulupus' is written in a conversational, friendly and caring style and is full of practical information and sound advice.

Wow! Thank you Jodie and Jessica for this amazing resource. Having been diagnosed recently, this was the perfect place to start in my journey to learn about the positive side of searching for ways to cope within myself. I definitely recommend this to anyone who needs some positivity in their journey, as well as loved ones (my boyfriend can't put it down!).

This is a great book that is super relatable to me as a young 20 something. I love it and refer to it often. 5 stars
