## Customer Reviews

I'm considering becoming a corrections officer, so naturally I need to study for the exam. Obviously every state is different but based on what I see from my state's website, this study guide is pretty on point so I assume it is probably helpful for most people. It includes a practice exam which also reminded me of the sample questions from my state's test. All in all a solid purchase

I ordered this for our oldest Son to take a look at. He has been contemplating on applying for a corrections officer academy but he is not sure or positive if he should or can. So as soon as I went here was an actual book to help as a study guide I had to order it for him! Flipping through the book I see that the book is very easily laid out with larger font for an easier read and study. My son is a lot like me with having a hard time reading a book or manual and comprehending- we are way more of a visual learner instead of a book learner but it depends on how the book is laid out. Just looking the book over I think this book is very well laid out for people like us, easy to read and easy to understand. The book is jam packed with all the main basic information you should know for your test and career. This book may not get in real depth on every subject but it hits more of the main stuff anyway and skips the details and leaves that up to you to dig deeper past this book to get those details. This book is mainly just a compilation of all the Main things you need to know. Great start book for someone that is still not certain about it as a career. This will help make that decision I think for our Son and give him a better look into a Correction Officer's Career. I received my Corrections Officer Exam Study Guide: Test Book and Practice Test Questions for a discounted/free in return for my honest and unbiased evaluation and review.

Greetings, Shadow here! This product here was exactly what I was looking for and wanted. The product arrived in excellent condition with no problems whatsoever and was created beautifully with all the correct and durable materials/parts. This product was well thought out and was given the time to be designed correctly for the right needs and for the right things. It even comes with the right amount of information and instructions that will show and explain how to use the product accordingly and correctly. I personally got this for myself but I would highly recommend as a gift to anyone! I just want to say that the quality and presentation was really outstanding and shows every inch of effort knowledge was put into this product and all the other products manufactured by this company. I was

very impressed and pleased with the packaging and display, I had no problems at all with delivery. The item was overall great, it worked exactly how I wanted it too and it was just basically a perfect match. So, all said and done if I ever need an item like this again I will definitely be purchasing this particular product again! I have received this product for a discount in exchange for my own honest review and I hope that it was insightful and helpful to anyone that is interested in this product! Overall, the company did an outstanding and amazing job with this product!

I used Prime to order this and I was able to received it pretty quickly, a big help. This is a great in-depth study guide. I have been in several study groups as well as many of my friends and they all love how helpful and detailed these study guides are. If you are just starting or even just doing a refresher course this study guide will definitely help you and also raise your test score. It is very easy to follow and understand. Just a overall a great guide. Disclaimer: These my own comments and in no way did the discount sway me to give a rating better than the item performed. I received this item at a discounted price or for free in return for my honest and unbiased review after using the product. These are my own comments and in no way did the discount sway me to give a rating better than the item performed. I am not influenced by the seller to leave a review other than what I honestly believe it should receive and give my word and stand by it as to how I reviewed the item. I hope you that you have found this review helpful.
