**Synopsis**

This new and expanded edition collects the best articles dealing with race and culture in the classroom that have appeared in Rethinking Schools magazine. Moving beyond a simplistic focus on heroes and holidays, and foods and festivals, Rethinking Multicultural Education demonstrates a powerful vision of anti-racist, social justice education. Practical, rich in story, and analytically sharp, Rethinking Multicultural Education reclaims multicultural education as part of a larger struggle for justice and against racism, colonization, and cultural oppression in schools and society.

**Customer Reviews**

As an in-service, white, female teacher, this book was invaluable in helping me understand the cultural and social justice issues that the education system faces and how I can help with these issues in my profession as a teacher.

This is a collection of negative experiences, some based on legitimate issues. Unfortunately, most of the solutions go to the other extreme.

Bought this for a class in MA-TESOL and ended up loving the book. It is a collection of essays that are all very personal and engaging. A must-read for teachers of ELLs.

I was not too crazy about this book but I also did not like the way the teacher taught the course so I
might be a bit biased against it.

As expected, thanks

Great book great quality
