Rich Dad's Rich Kid Smart Kid: Give Your Child A Financial Head Start
**Synopsis**

Rich Kid Smart Kid is written for parents who value education, want to give their child a financial and academic head start in life, and are willing to take an active role to make it happen... In the Information Age, a good education is more important than ever. But the current educational system may not be providing all the information your child needs. This book was designed to fill in the gaps to help you give your child the same inspiring and practical financial knowledge that Robert Kiyosaki’s rich dad gave him. Rich Kid Smart Kid will show you how to awaken your child’s love of learning using the same methods that Robert’s smart dad used to help Robert stay in school, even though he had bad grades and often wanted to drop out. Rich Kid Smart Kid will open doors that you never knew existed, enabling you to pass down the skills and understanding your child will use for the rest of his or her life. Rich Dad’s Rich Kid Smart Kid will answer... is school preparing your child for the real world? As a parent, have you ever asked yourself: Is school teaching my child how to financially survive and thrive in today’s - and tomorrow’s - world? What can I do if... my child does not like school... brings home bad grades... is labeled learning disabled... wants to drop out of school? How can I make sure my child gets the real-world guidance he or she needs?

ASIN: B00A9A2BM6

**Customer Reviews**

This book is outstanding. As a flight instructor, I can relate to the concepts Kiyosaki presents here that the standard educational system just doesn't make room for. As he says in the book, "our educational system is unique in that it punishes the client for its own deficiencies". Parents, get informed, for the sake of your kids! Oh! And this is a fantastic book for non-parents, too. It’s as much
a book on how we learn as individuals (adults), as it is a book on how kids learn.

My eight year old daughter, ten year old son, hubby and I read this book (each separately at our own pace...our 8 year old daughter finished first) on our 2 week vacation in Maui. SO powerful. A new beginning for us as a family to grow our assets and Cashflow! We've been playing the board game Cashflow with our kids for 4 years, and this experience just launched our real life Cashflow game exponentially. Thank you, Robert Kiyosaki & the team of people that make your gifts of financial intelligence tangible for us all. We appreciate you!

Just buy rich dad poor dad and pass it on to your kids. Too much fluff and repetition...plus a lot of marketing for his other products.

Immense knowledge of the financial world. Highly recommended. A must for trying to educate a child. A win win for everyone
