We The People (Tenth Essentials Edition)
**Synopsis**

Content instructors trust and features that show students that politics is relevant—*in a low-priced, brief text.* *We the People, Tenth Essentials Edition,* is ideal for showing students that politics is relevant to their lives and that their participation in politics matters. The book engages students with contemporary topics, including digital politics and polarization in government, and presents information on these topics both in the text and in new figures designed to resemble those that students see in online media. New features and resources also teach students to be more savvy consumers of real-world political information. Both the book and free Coursepack are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government and to help instructors assess student learning of key concepts.

**Customer Reviews**

Very easy to read an understand!!! Best feature is that the end of each chapter there’s a practical quiz so you can test yourself, I don't follow politics, but this book is showing me the real purpose of us citizen and our duty to cast our vote!!!

Take the time and actually read the chapters. You might learn something like I did!

Exactly what was needed for a class - at a much better price than the university bookstore
really complete and it's easy to understand the concepts!

Not the right book 😕

The contain is rich and easy to read. The format is perfect: not too big nor too small. We could take it with us anywhere.

Read this book from beginning to end and learned a lot. Also passed the class with an A. Great book!

It was a required read. I wish the professor pulled assessments from the review section.
