This Norton Critical Edition is designed to make Paradise Lost accessible for student readers, providing invaluable contextual and biographical information and the tools students need to think critically about this landmark epic. Gordon Teskey’s freshly edited text of Milton’s masterpiece is accompanied by a new introduction and substantial explanatory annotations. Spelling and punctuation have been modernized, the latter, importantly, within the limits imposed by Milton’s syntax. "Sources and Backgrounds" collects relevant passages from the Bible and Milton’s prose writings, including selections from The Reason of Church Government and the full text of Areopagitica. "Criticism" brings together classic interpretations by Andrew Marvell, John Dryden, Victor Hugo, and T. S. Eliot, among others, and the most important recent criticism and scholarship surrounding the epic, including essays by Northrop Frye, Barbara Lewalski, Christopher Ricks, and Helen Vendler. A Glossary and Selected Bibliography are also included.

**Customer Reviews**

Paradise Lost was not part of my core curriculum in science and mathematics. I was of course aware that scholars considered it a great work, a classic. But it seemed a bit daunting - long, difficult, dated, and possibly no longer relevant. A few years ago I made two fortunate decisions. I elected to read Milton’s Paradise Lost and I bought the Norton Critical Edition (edited by Scott Elledge). I read and reread Paradise Lost over a period of three months as well as the 300 pages of
the Norton critical commentary. I was stunned by the beauty and power of Milton. Why had I waited so long to even approach such a literary masterpiece? Make no mistake. I had been right in several ways. Paradise Lost is difficult, it is long, and full appreciation requires an understanding of the historical and religious context. But Paradise Lost is a remarkable achievement. It explores questions regarding man and God that are as relevant today as in the 17th century. And the genius of Milton has never been surpassed. I found the Norton footnotes extremely helpful - definitions for rare or archaic words and expressions, explanations of the historical context, and links to the critical commentary section. The footnotes are at the page bottom, making them readily accessible. The Norton biographical, historical, and literary commentaries were fascinating in their own right. I may well as spent as many hours reading commentary as with Paradise Lost itself. John Milton led a remarkable life. His enthusiastic euology on Shakespeare was included in the second folio edition of Shakespeare in 1632. This was Milton’s first public appearance as an author!
