The Wedding Planner & Organizer

DOWNLOAD EBOOK
Weddings require organization, record-keeping, legwork, logistics. In other words, a planner. From the celebrity wedding planner and author of the The Wedding Book, Mindy Weiss's All-In-One Wedding Planner & Organizer helps couples keep track of every detail leading up to their Big Day. It's the organizer that includes exactly what you need for on-the-go, on-the-ground wedding planning. Created as a three-ring binder, it has tabs for each category: The Big Picture and Contacts, Budget, Location, Menu and Flowers, Rentals, The Dress! (And What Everyone Else Is Wearing), The Guests and the Invitations, Music, Photography, and Videography, Making It Official: Rings, Licenses, Vows, Officiants. Packed throughout are tips, tools, checklists, spreadsheets, and schedules to help brides (and grooms) manage everything from building a wedding timeline and organizing the dreaded seating chart to getting the wedding party matched and fitted. From "Will you marry me?" to "I do," nothing will slip through the cracks.

I am absolutely loving my Wedding organizer! My fiance and I got engaged right before Christmas and the first thing I wanted was a place to keep everything together. This has been perfect! I love that it is a 3 ring binder so I can put in and take out pages as needed, and that it has pockets to place all of the loose papers. There is also a place for business cards and a plastic zip bag in the back which is quite handy. I would definitely recommend this fantastic resource!!
This portfolio is essential for anyone planning a wedding! It takes you from "where do I start" all the way through the minute details of planning your big day! Since I ordered the book, I have taken it with me to every meeting to record notes and make sure I am asking the right questions. The portfolio guides you through the process of planning your wedding, including extensive information about all of the decisions you will face and etiquette on how to properly handle a modern wedding. I highly recommend this book to any bride who wants keep her wedding planning organized.

I love Mindy Weiss so when I saw that she came out with this I had to have it. It's incredibly detailed and almost like having a wedding planner walk you through all the steps. I myself did not hire a planner so this is really a life saver. Definitely recommend it!

Cheaply made, falls apart easily.

I love this organizer. Highly recommended for any bride-to-be, it helped me keep everything safe and organized and the checklist helped me to know exactly where I needed to be and around what time I needed to get things done. It goes into so much detail, and when it's all said and done it works as a wonderful keepsake as well. I have never planned a wedding before and couldn't afford a planner, so this really helped me stay sane and my friends enjoyed flipping through it as well.

This book was my savior for a year! I got married 4 weeks ago yesterday and this organizer was amazing. I even purchased this organizer for a friend that became engaged 3 months after me. It is very detailed, obviously does not include every little detail (because I'm OCD), but reminds you of pretty much everything little thing you need to accomplish for your big day. So glad I picked this one rather than any other organizer.

I am ecstatic!! I just got it and now I am overwhelmed lol. But this book is definitely helping me with every step and I am just so excited to be planning my own wedding! Thanks for a wonderful planner!

You won't use everything in the book, but it was well worth the purchase I was able to write everything down in one place and it separates it by the events. dress, tailor, catering and such it is a wonderful help when you can write who you paid make lists and it has pockets on the inside so you can keep receipts in it. I loved it and used it all the time during my planning process it went to every vendor meeting with me because it does have lists of questions for you to ask in case you are
unfamiliar with what you should be asking about the companies you are wanting to hire.
